Young Women Are Taken to Hospital; Tree Strikes Car

Storm at 7 A.M. Results in Accident; Oak Falls on House in Village

Four young women stenographers employed at Lake Mohonk were injured this morning about 7 o'clock while enroute to work when the car in which they were passengers was struck by a falling tree at the junction of Routes 9-W, 44 and 45 in Highland village.

All four were taken to St. Francis' Hospital, at Poughkeepsie, where they were admitted and treated for head injuries. At the hospital the condition of the four was said to be not serious although they were suffering from scalp injuries and shock.

The injured are:

Miss Rose Turner of 7 Bain avenue, Poughkeepsie.

Miss Geraldine Barnum, 18, of Prattsville.

Miss Hazel Wagner, 20, and Miss Arlene Wagner, 22, of Lake Mohonk.

The four had reached the junction of Route 9-W and Route 44 near the monument in Highland village when a large tree was blown across the road. State Police at Highland said the storm at the time was very severe and a high wind was blowing. People residing at the scene reported the storm to be a "miniature twister" which blew down two trees in the immediate vicinity. One of the trees, a large oak, fell on the home of Mrs. Arthur Clark across the highway doing considerable damage.

The four young women were treated by Dr. Peter Lordi at the scene and then taken to the hospital at Poughkeepsie.

Troopers Bailey and Johnson of the Highland State Police barracks later reported several calls being received of trees and branches falling across highways and also considerable damage to wires and poles. The storm area appeared to be centered in the Highland area, although several calls of falling limbs were received from Esopus to Milton.

Reports Dog Killed

Elizabeth Foster, no address given, reported to the police early Saturday night that she had struck and killed a dog while operating her car on Clinton avenue near North Front street.

Gale Winds Are State Forecast

Winds Are Due to Increase During Day, Weather Bureau Says

Albany, N. Y., Sept. 22 (AP)—Continued strong winds, reaching gale force in some sections, were forecast today as telephone company linemen rushed repairs to communications circuits disrupted by strong gusts during the night.

After gusts of gale force swept across New York state last night, felling trees, disturbing communications and causing power failures, they slackened during the early morning hours, the Weather Bureau reported. The winds, accompanied by rain were expected to increase during the day.

Rome and Utica were hard hit by gusts up to 53 miles an hour. Trees were toppled, grounding utility wires. Several sections of Rome were without power or telephone service and numerous rural lines were out. Ilion also was plunged into darkness by a power failure.

The state police at Albany said they were unable to get through to Malone by radio or teletypewriter circuits. Telephone lines were reported down also at Elizabethtown.

Crops were damaged and a number of trees down at Albany where gusts up to 32 miles an hour were reported.

In western New York winds of 30 and 40 miles an hour caused slight damage.

Senator Wicks Asks Statewide Support of Ski Trail Amendment

Calls Upon New York Mayor O'Dwyer and G.O.P. County Chairmen to See That Ulster, Delaware Slopes Be Voted by Electorate

Senator Arthur H. Wicks, of this city, who sponsored a Senate resolution at the 1947 session of the State legislature, calling for the amending of the State constitution to permit the construction of not more than 20 miles of ski trails on the slope of Belleayre Mountain in Ulster and Delaware counties, and not more than 30 miles of ski trails on the slopes of Gore, South and Peter Gay Mountains in Warren county, has taken steps to see that the concurrent resolution of the Senate and Assembly passed in 1947 be given wide publicity throughout the state and that the proposed constitutional amendment is voted on favorably by the people of the state this fall.

A letter calling attention to the importance of the proposed amendment has been sent to all of the Republican county committee chairmen of the state asking them that they use all of the facilities at their command to obtain overwhelming support of this constitutional amendment.

Senator Wicks also said that he was writing Mayor William O'Dwyer of New York relative to the importance of the amendment calling attention to the benefits which would be derived by New York's many ski enthusiasts through the construction of these additional ski trails.

Won't See It Die

"As sponsor of that resolution in the Senate I do not intend to see it die when it means so much to us locally as well as to so many people of the State who love skiing," Senator Wicks said, as he pointed out the popularity of skiing and the need of additional ski trails. "Locally it will mean bringing a large number of people to the Catskill area and that will be of very substantial benefit to the resort business," he said.

Senator Wicks also referred to the keen competition which is current in winter sports. He referred to the especially strong efforts in New England states. "The construction of these proposed ski trails in New York state will help to meet that strong competition," he concluded.

The concurrent resolution of the Senate and Assembly, passed at the 1947 legislative session, which would amend the constitution to permit the building of the ski trails will be voted on by the people of the State of New York on next election day.

Senator Wicks has sent out the

Williams Lake Chef Arrested; Charge Is Grand Larceny

Richard Ernest Hutchinson Is Held for Grand Jury; Allegedly Took $1,330

The proprietors of Williams Lake Hotel in Rosendale reported last night that $1,330 was missing from a cashbox in a private upstairs office, and early today Richard Ernest Hutchinson, 32, chef of the hotel, was arrested on a charge of grand larceny in the first degree.

Huntchinson, a veteran of five years' service in the navy, was arraigned before Justice of the Peace Edward Brodsky, waived examination and was held in the Ulster county jail for grand jury action.

Sheriff George S. Smith, who made the complaint against Hutchinson, quoted him as saying he was intoxicated and could not remember where he obtained the money which was found on him.

The arrest was made by Trooper Edward C. Roch, assisted by Deputy Leonard Belmore.

Walter Williams, proprietor of the hotel, told Sheriff Smith he first noticed the money was missing at 10 o'clock last night. He added that stacks of cash lying loose on a desk near the cashbox —which had been left unlocked— were not touched.

Hutchinson was found asleep in a car on the grounds of the hotel. Investigation showed that he had just purchased the car, paying $700 for it.

Sheriff Smith said the purchase of the car, plus the money found on Hutchinson's person would account for all but $154 of the amount reported missing.

Hutchinson, a native of Massachusetts, is married and lives with his wife in Lawrenceville, a suburb of Rosendale.

Postmasters' Meeting

The regular monthly meeting of the Ulster County Postmasters' Association will be held Thursday evening, September 25 at 8 at the central branch of the Kingston Post Office. All postmasters are urged to attend.

Barnovitz Brothers To Enlarge Store

Sam and Cople Barnovitz, proprietors of the Franklin Pharmacy, 759 Broadway, announced today plans to remodel and enlarge their store by taking over the next-door premises recently vacated by the Kleine Beauty Salon.

The brothers said the Broadway frontage of the store would be approximately doubled, and that a new front, new ceiling, new flooring and air conditioning would be installed.

They said they hoped the remodeling would be completed by December 1.

Local Committees Sought To Set 'Merit' Standards

Albany, N. Y., Sept. 22 (AP)—The creation of local committees to assist school boards in setting standards for teachers' "merit" pay increases is proposed by the State Education Commissioner's Advisory Committee on Teachers' Salaries.

The committee's recommendations, submitted yesterday in a preliminary report to Commissioner Francis T. Spaulding, urged that classroom teachers comprise "at least 50 per cent of the membership" of the local advisory boards.

Spaulding said the report would aid him in framing regulations for the "merit" or promotional increments, provided in the Feinberg teachers minimum salary law enacted by the 1947 Legislature. The provision for "merit" raises was opposed by teachers' organizations.

The 25-page report was submitted by Spaulding to school officials, boards of education and teachers' organizations for study. He suggested the study might lead to possible revisions in the final report due in December.

More than 50 considerations are recommended in the report to be used in determining "exceptional" teaching and community service for eligibility for promotional pay increases.

According to the Feinberg act, teachers, beginning next July 1, will received five annual, automatic increases and six promotional increments based on "exceptional" service to pupils and the community. Formerly, all increments were automatic and were

Venables Injured in Accident

Recruiting Officer, His Daughter, 5, Taken to Hospital; Were Crossing Street

Driver Is Reported

Police Say Pine Grove Avenue Man Was at Wheel; No Arrests

First Sergeant Moir L. Venable, 31, of 101 Elmendorf street, army recruiter in Kingston, sustained head injuries and bruises about his legs and body, and Carol Venable, 5, his daughter, suffered lacerations of the mouth, when struck by a car late Sunday evening near the intersection of Henry street and Broadway, the police reported today. No arrests were made.

Mrs. Venable, who also was struck by the vehicle operated by Harry D. Graham, of 42 Pine Grove avenue, the police said, sustained bruises about the legs but did not require hospitalization. Her husband and daughter were taken to the Kingston Hospital in the W. N. Conner ambulance.

Conditions Reported

Sgt. Venable and his daughter were admitted at the hospital last night about 10:13 o'clock. This morning hospital authorities said that Sergeant Venable was in fair condition while his daughter was reported in good condition.

X-rays of Sgt. Venable's daughter were scheduled to be taken today, it was announced at the hospital and in all probability the little girl would be dismissed some time today.

The party of three was crossing towards the O'Neil street side of Broadway when the accident happened, Mrs. Venable told a Freeman reporter today. "We had just left the Broadway Theatre and were standing in the safety zone when the car, proceeding towards the downtown section of the city, struck us," Mrs. Venable stated.

Although it was not definitely learned, the hospital reported today that Sergeant Venable may be transferred to an army hospital where he will go under care by army physicians.

Zena-West Hurley Road Auto Collision

The sheriff's office reported today a collision between two automobiles occurred Sunday on a sharp curve in the Zena-West Hurley road. There were no injuries and damage to cars was minor.

One car was operated by Mrs. Amy Malone of Sawkill and the other by Cornwall H. Hoag of Wingdale. Deputies Harry Keator and Dallard Sapp investigated.

Would Get His Ring

Philadelphia, Sept. 22 (AP)—Philadelphia's municipal court has been asked to decide whether an engagement ring is an outright gift or one which is contingent on a marriage ceremony being performed. Franklin P. Berkelbach, 27-year-old veteran of World War Two, has filed suit for the return of the ring he says he gave Margaret Wilson, Philadelphia, last December to bind their engagement. Berkelbach's attorney, Isaac Grossman, said the engagement was broken and Berkelbach feels he has a case because "the courts have held the gift should be returned if the marriage doesn't go through."

Marello Is Taken Before U.S. Commissioner

JOHN MARELLO

JOHN FERGUELL

Shackled between Clayton W. Vredenburgh, Ulster county sheriff's office investigator and Special Agent Louis Hurley of the F.B.I., John Marello, former Glasco resident, is shown arriving for arraignment before U. S. Commissioner Martin Comeau Friday afternoon. Police Chief Ernest Boss of the Kingston Police also is shown in the photo. Marello was one of the two local men arrested last week on charges of violating federal kidnaping statute. Authorities also arrested John Ferguell of East Kingston.

Woodstocker Held On Driving Count

Cashdollar Says Car Killed Two Cows, Injured Third in Herd

Richard Wilbur, 39, Woodstock mill hand, was free in $25 bail today on a reckless driving charge after Everett Cashdollar of Wittenberg charged that Wilbur's car ploughed into his herd of cows yesterday, killing two and injuring a third.

Wilbur was arrested by Deputy W. A. Frost and was arraigned before Justice Joseph Fitzsimmons of Woodstock. He pleaded innocent. Hearing was adjourned until tonight.

In his complaint, Cashdollar said he had just finished milking his herd and was taking the cows to pasture, which necessitated his driving them west over the Wittenberg road. Wilbur was driving east when the accident occurred, Cashdollar said.

2,000 Teamster Union Members Strike Today

Jersey City, N. J., Sept. 22 (AP)—Some 2,000 members of Local 459 of the International Brotherhood of Teamsters went out on strike today at six Railway Express Agency installations in New Jersey, joining a three-day-old walkout by 5,000 other teamsters in New York City.

Harold Boyd, president of the New Jersey local, said the strike this morning was "100 per cent effective" and that operations had been brought to a complete standstill on the west bank of the Hudson river.

Boyd said the drivers and helpers in his local had walked out because the agency "caused a breach" in its contract and deprived union men of their seniority rights. He said only 140 workers had been given work since the New York walkout but that this skeleton force had been selected "regardless of seniority rights."

Mabel Lee Shannon, 19, Taken in Charleston on Aiding, Abetting Charge

Mabel Lee Shannon, 19, of Charleston, W. Va., who was questioned and then released by the local police Friday in connection with last week's reported kidnaping which involved two Ulster county men, was taken into custody again Sunday by the F.B.I., in Charleston charged with aiding and abetting the alleged crime, it was learned today.

This makes the fourth arrest in the case.

The Shannon girl, a cousin of John Marello, 35, formerly of Glasco, who is one of the men now lodged in the Ulster county jail on the kidnaping charge, drove the Marello car and Lois Cicero, 19, of Charleston, back to the West Virginia city, the police said.

The four are being held on a charge that they brought Ruth Virginia Fitzwater, 24, of 4711 McCorkle street, W.W., South Charleston, W. Va., to Kingston against her will. She was to have appeared as a witness against Ma-

60-Mile Winds Are Due in South From New Storm

Fresh Onslaught Heads Toward Tampa Bay; Louisiana Counts Her Dead

New Orleans, La., Sept. 22 (AP)—Winds up to 60 miles per hour—only 15 miles below hurricane strength — were predicted today for storm-ravaged southern Florida as a new tropical disturbance moved swiftly across the Gulf of Mexico.

The storm center, already lashing the coast with rain-laced, whistling squalls, headed toward the Fort Myers-Tampa Bay area where it was expected to move inland tonight. It was only half the intensity of the great Atlantic hurricane, which tracked destruction across Florida and then roared across the Gulf to devastate the rich gulf coast and New Orleans.

The Miami weather bureau said the newest blow was not expected to be dangerous.

However, the dismal job of tabulating casualties and property damage continued along the coast of Louisiana, Mississippi, Alabama and extreme northwest Florida. Thirty-eight were known dead, and there was apprehension of extensive flood damage to compound the desolution strewn by the hurricane itself.

Delayed reports from Gulfport, Miss., said beach areas still were blocked off, and residents were warned away because of venomous snakes, apparently washed ashore from outlying islands. Several reptiles were killed measuring from four to six feet in length.

Power trucks were brought from upstate Mississippi to spray beach debris with DDT and lime to control odor and insects. State

Bus, Milk Truck Collide in Woodstock

State Trooper Ray Dunn reported today that a milk tanker and a Pine Hill-Kingston line bus had collided in front of the art gallery in Woodstock. There were no injuries and damage was minor.

Dunn said the bus was empty at the time of the accident. The tanker, operated by Frank Lattimer, was from the H. L. & F McBride Company of Goshen. The bus driver was James D. McAuliffe of West Hurley.

Arabs Plan Break, if U.N. Should Partition Palestine

London, Sept. 22 (AP)—An Arab office spokesman said today the Arab world had agreed to make "a complete economic and cultural break" with Europe and America if the United Nations should attempt to partition Palestine.

The spokesman, self-styled London propagandist for the Arab League, made his statement after an authoritative British foreign office force said Britain would accept such partition if other U. N. members would help carry out the project.

Colonial Secretary Arthur Creech Jones leaves by plane for New York tonight to present Britain's views to the U. N. Assembly, soon to consider a majority report of its special committee on Palestine recommending division of most of the Holy Land into Arab and Jewish states.

The Arab spokesman said the League — comprising Iraq, Egypt, Saudi Arabia, Trans-Jordan, Syria, Lebanon and Yemen—had agreed on the "break" with the west, should Palestine be divided, in a secret resolution adopted at a meeting at Bludan, Syria, near Damascus, in June, 1946.

Mc Neil Delivers Strong Attack Upon Soviets and Asks Inflexibility Be Dropped

Refers to Charges

Reply to Vishinsky's Speech Against U.S. Is Given

By MAX HARRELSON

New York, Sept. 22 (AP)—Britain warned today that if the Soviet Union persisted in trying to force its own will upon the world "the unstable peace of the world will crumble and crash" with "hideous consequences."

British Minister of State Hector McNeil delivered this warning before the United Nations assembly in a 6,600-word basic policy statement for the United Kingdom.

He vigorously attacked Russia and at the same time appealed to Moscow to drop what he called its inflexible and unyielding attitude on world problems.

McNeil ridiculed the charges of Russia's Andrei Y. Vishinsky that there is "war-mongering" in the United States. McNeil called Vishinsky's attack "a comedy piece."

He then denied Vishinsky's charges that the Marshall plan for economic aid to Europe threatened the sovereignty of any country, and accused Russia of obstructing atomic control and paralyzing the Security Council by her 20 vetoes.

Ranges Whole Field

McNeil's long speech ranged over the whole field of international affairs but its central theme was Russia's uncompromising attitude and the potential "crumble and crash."

"No nation has a monopoly of truth," he asserted. "No nation is omniscient. . . . No reasonable nation can expect at all times to have her view accepted by all other nations."

McNeil then delivered this blunt warning:

"If the Soviet government considers that in all areas its power must be extended, if it thinks that in describing any international situation its description must be accepted, then I say without qualification that not only will the United Nations be destroyed, but the unstable peace of the world will crumble and crash, bringing to us all the ranging hideous consequences to which Mr. Vishinsky drew our attention."

Replies to Attack

Referring to Vishinsky's attack on the United States, McNeil said:

"When Mr. Vishinsky argued on Thursday . . . that his government were distressed and angered at the statements of individual Americans that Russia was preparing for war and was a warmonger, I want to say this: The reply is not to imprison any individual or to suppress American or British newspapers.

"The reply is to open the doors of Russia so that the nations, the people of those nations, who have great underlying sympathy with this new emerging power, can see what is going on."

McNeil declared that Vishinsky had accused Britain of "seeking to divide Europe" because of her efforts to implement the Marshall plan.

"This is a monstrous accusation," McNeil declared. He added that Britain had devoted her complete strength toward world cooperation, but had been blocked by Russia at every turn.

McNeil blamed the present critical world situation largely on what he called Russia's unwillingness to cooperate. As far as Russia was concerned, he said, "every situation is pictured in black and white, perhaps, more correctly, in terms of black and red."

Maternal Health Center Moves to New Location

The Maternal Health Center held its session on Wednesday at its new location, 578 Broadway. The Center will continue to be open every Wednesday from 1 to 3 o'clock with Dr. Elizabeth Moore, Dr. W. L. Levy and Dr. A. W. Harder, clinicians, attending.

The Center is for married mothers who want medically prescribed information in planning their families. The Center also offers advice to childless couples. Dr. J. J. Jacobson is chairman of the medical board.

Soldier Causes Traffic Tie-up at Rosendale Bridge

Halts Drivers Telling Them Martial Law Was in Effect; Taken to Green Haven

Cpl. Leslie Collins, 40, arrested on a disorderly conduct charge last night, caused a serious traffic tie-up at the Rosendale bridge, halting all drivers and telling them martial law was in force, the sheriff's office reported today.

The sheriff's department first was contacted by Stephen Huben of Rosendale, who said a soldier was causing a disturbance by "dancing in the street and stopping cars."

Deputy Ray Winne, who made the arrest, said he found cars and buses tied up and one car parked across the bridge.

Winne said Collins told the drivers that he had been detailed at the bridge to halt traffic and enforce martial law.

Collins, who is a member of the station complement at the Green Haven Military Prison, near Poughkeepsie, was called for today at the Ulster county jail by two military policemen, who escorted him back to Green Haven.

He had been arraigned before Justice of the Peace Edward Brodsky and committed to the jail pending notification of his station.

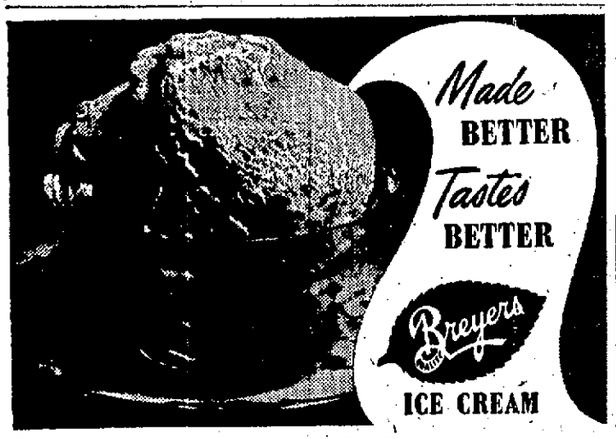

HOME BUREAU

Sewing Class

The Kingston unit of the County Home Bureau announced today it was sponsoring a sewing class, with the first lesson to be held tomorrow night at 7:30 at the Home Bureau offices in the basement of the Ulster County Savings Institution on Wall street.

This lesson will be open to the public and there is still room on the enrollment lists for a few more persons, the Home Bureau said.

The lesson will deal with the problem of how to make a blouse and will stress all basic sewing constructions. It is designed for beginning sewers, the bureau said.

Plagued by Effects

Meantime, New Orleans and southern Florida were plagued by the after effects of the hurricane which beat a path across the southern part of the peninsula Wednesday, spun out into the Gulf of Mexico Thursday and then headed north to pound the Gulf Coast on Friday.

The biggest menace in both cases was floods. Some 40 square miles of Jefferson Parish (county) around New Orleans was under water from Lake Pontchartrain and small boats maintained a steady shuttle service in the inundated area carrying marooned families to safety.

So far some 2,000 families have been ferried to dry ground. Sheriff's Deputy John Williams said the waters in some places were eight to nine feet deep.

Sheriff Frank J. Clancy of Jefferson Parish said sewerage contamination was adding to the miseries of those in the flooded area. Some 300 persons had to be evacuated from the Metairie High School as the building became "unfit for human habitation" because of breaks in sewer pipes.

On the outskirts of the Everglades in southern Florida, troubles were being heaped on troubles for weary residents. At Canal Point men worked by whatever light was available or none at all to bolster dikes around Lake Okeechobee.

Lake Is Rising

The lake, already full from abnormal summer rains, was rising on the strength of the torrential rains which hurtled down with stinging force from the hurricane. The highway patrol reported from the area that if the dike broke, Canal Point and several nearby towns would be under four to five feet of water.

Canal Point is on the eastern shore of Lake Okeechobee about 70 miles west of West Palm Beach. As the waters rose, the Florida East Railway prepared to rush an evacuation train in from Fort Pierce. Ordinarily 30,000 people live in the area which might be covered with some water in event of a break in the dike.

Florida already has counted its storm damage at $30,000,000—so far. No comparable estimate has yet been made for the Gulf coast area though virtually every house along the beach and most business places from Biloxi to New Orleans have been damaged to some extent. Most of the beach vacation cottages have been crumpled like so many match boxes.

In New Orleans alone, Mayor De Lesseps (Chep) Morrison has counted the loss at $7,000,000, and with the floods in some sections of this city the overall estimate undoubtedly will climb.

Transportation through the stricken area still is hazardous matter. Most highways are closed though one or two still are open. Traffic on these roads is being confined to persons with urgent business.

rello Sept. 15 when he was scheduled to appeal a conviction on a charge of operating a disorderly house.

The woman, who related her story to Police Lt. William Roedell last week, was taken into protective custody as a material witness.

Meanwhile, local authorities are still awaiting word from Charleston as to when the federal marshal will arrive in Kingston to return John Ferguell, 33, of East Kingston, to the Southern District of West Virginia for trial. Both Ferguell and Marello are being held in the county jail in lieu of $10,000 bail for each.

Authorization for prosecution against Marello, Ferguell and Lois Clero, 19, of Charleston, was announced last week by Edward Scheidt, special agent in charge of the New York office of the F.B.I., who said that the authorization came from the United States attorney in the Southern District of West Virginia.

Benton, Chiabelli Hurt in Accident

Arnold H. Benton, 21, of 34 Noxon street, Poughkeepsie, driver of a 1940 coupe, and Frank Chiabelli, 19, of 17 Mack Road, Poughkeepsie, were injured when the Benton car traveling east on Route 299 failed to make a sharp turn a mile and a half west of Highland, and turned over in the ditch. The car was demolished and both men suffered fractured collar bones, cuts and abrasions and cerebral concussions. Dr. Peter Lordi of Highland treated the men and they were removed to St. Francis's Hospital, Poughkeepsie. There was no arrest. Trooper Ray Dunn investigated the accident.

Arabs Plan

ing the gist of the resolution, the spokesman said "the main reason is to counter rumors" that the Arab states have disagreed on the policy to be adopted if the U. N. disregards their arguments against partition.

Replying to a question, he said a "complete" economic break "might" mean that the Arab nations would withdraw American and British oil concessions.

"Something might also be done about landing rights granted to western airline companies," the spokesman added.

Echoing previous Arab reports, he said the Bludan Conference also decided that Arab states would supply men, money and arms to the Palestine Arabs to resist any attempt at partition.

With reference to a "cultural break," he said that would not necessarily imply asking western missionaries or other westerners to quit the Arab world.

The British foreign office source said last night cabinet ministers agreed in a meeting Saturday that Britain no longer could bear the burden of keeping almost 100,000 troops in the Holy Land, which she administers by mandate. He mentioned two conditions Creech Jones "must put before the assembly":

"(1) That a deadline must be set for British troops to leave; (2) that the United Nations as a whole, or a number of its members, must be ready to help in the actual enforcement of the solution, whether it's partition or otherwise."

Prior to going with the National Association of Mutual Savings Banks, Mr. Stockbridge was secretary of the Rondout Savings Bank of this city.

Driver Is Hurt

At 6:30 o'clock Sunday morning John Lochner of 71 Long Drive, Hempstead, L. I., driving south on Route 9-W at Ulster Park fell asleep at the wheel of his car and the car ran into a pole. Dr. Peter Lordi of Highland treated the injured man for abrasions of the back and a mouth injury and he was taken to St. Francis's Hospital at Poughkeepsie for further examination. Trooper C. E. Bailey investigated the accident.

Motorist Reports Theft

Carl Phillips of Ashokan, who attended the movies at the Broadway Theatre Sunday night, returned to his parked car on Cedar street and found that two army blankets had been lifted from his vehicle. He reported the theft to the police describing the blankets as one of an odd color and the other as red beale. He valued them at $12. Phillips told the police that the theft took place during the hours of 7:30 and 10:30 o'clock.

The County Farm Bureau said today it was checking on damage caused by strong winds and torrential rains throughout the county, but could make no report until tomorrow.

Western Europe Pledges Self-Help

Asks 19 Billions Under 4-Year Plan to Avert Catastrophe

Paris, Sept. 22 (AP)—Western Europe pledged itself to a program of self-help today and asked the United States to send it $19,330,000,000 under a four-year Marshall plan as a means of averting economic "catastrophe."

This program, the participating 16 nations declared, could enable Europe "to make her full contribution to the welfare of the world."

The request was made in a 20,000-word document which will be dispatched to Washington after its signing here today by representatives of the 16 nations which mapped their economic wants in Russian-boycotted conferences held here for 70 days.

Only a 1,500-word summary was made public today; the text is scheduled for publication next week-end.

"The American people, through their government and their Congress, will consider this program and determine whether the means can be found of supplying Europe's needs," the summary said. "If nothing is done, a catastrophe will develop as stocks become exhausted."

Outlines Program

The report outlined a four-point self-help program "aimed at putting Europe on its feet by the end of 1951":

1. A strong production effort by each country.
2. The creation of internal financial stability.
3. Maximum cooperation among the 16 countries.
4. A solution of their trading deficit with the American continent, particularly by exports.

As part of the production effort, the conference envisaged:

1. Grain production on a prewar basis, with increases above the prewar standard in potatoes, sugar, oils and fats.
2. Coal production above the 1938 level and one-third higher than 1947 tonnage.
3. Elecrical generating at 166 per cent, oil refining at 250 per cent and steel at 120 per cent in terms of 1938 production.
4. Inland transport facilities to carry one-fourth more than in 1938.
5. Restoration of prewar merchant fleets by 1951.

The 16 nations expressed belief Europe could produce most of the machinery and other capital equipment needed for the expansion program outlined, and added:

"The various countries have undertaken to use all their efforts to develop their national production in order to achieve these targets."

Would Need Three Billions

The report estimated that $3,000,000,000 would be needed in efforts to stabilize the money of certain countries, left unnamed.

"The quick success of stabilization will, to a very large extent, depend on adequate foreign assistance being available," the conference said.

The report set at $22,400,000,000 western Europe's prospective dollar deficit for 1948-51. From this is subtracted $3,110,000,000 for machinery and capital equipment needs which, the report "assumed," would be financed by the International Bank for reconstruction and development.

"Given favorable conditions," the report said, western Europe would have a four-year trade surplus of $2,810,000,000 outside the Western Hemisphere. It was made plain, however, that this figure was tentative and that the real need was considered to be $19,330,000,000 from America plus the International Bank loan for capital equipment.

Robert Margolin, chairman of the conference coordinating committee, said any surplus accruing for trade outside the Western Hemisphere could be used either to reduce demands on the United States or to help troubled countries build up their stocks of gold free currency as a cushion against the end of the American Aid program.

Special Warning Given

Boston, Sept. 22 (AP)—The weather bureau issued a special warning today of freezing temperatures and frost over most of New England tonight and tomorrow night. The bulletin said: "Very cool Canadian air is invading New England today and will result in widespread frost tonight and Tuesday night. Freezing temperatures and killing frosts will occur tonight in most of Maine, New Hampshire and Vermont as well as in valleys and lowlands of central and western Massachusetts. Elsewhere in southern New England light to moderate frosts will occur. Similar conditions may be expected Tuesday night.

One Pays, Second Held

At 2:10 o'clock Sunday morning Patrick Matarazza, proprietor of the Highland diner notified State Police at Highland that two men were creating a disturbance. Troopers Bailey and Johnson responded and on complaint of Matarazza placed Floyd Halstead, 27, and Richard Halstead, 25, brothers under arrest on a charge of disorderly conduct. Before Justice Fred Woolsey of Milton Floyd pleaded guilty and was fined $10. Richard entered a plea of not guilty and was held in $50 bail for a hearing on September 22.

Rests Comfortably

Washington, Sept. 22 (AP) — Former Attorney General Homer S. Cummings was reported to be "doing quite nicely" at Doctors Hospital today following an operation. The former Roosevelt cabinet member, who is 77, underwent a gall bladder operation at the hospital Saturday.

Evening Verse
(For Your Scrapbook)
By DANIEL J. O'CONNOR
SEPTEMBER
September wears a dusty down
As Autumn plans to paint the town...
September's song is heard again
Wherever Autumn sings to men.

The school bell shakes its coat of dust
And scholars say it isn't just
For Summer scarcely seems to dawn
Before vacation days are gone.

September means an evening wrap
A cover when you steal a nap
It means that harvest days are near
When orchards speak a word of cheer.

It's time to think of closing camp
For mornings wear September's stamp
And soon each page of Summer fun
Will close forever, one by one.

September's here, and weeks will fly
Until the snow clouds fill the sky
But when the lazy days depart
Our Summer dreams will warm the heart.

Says Wallace Is Choice

Portland, Ore., Sept. 22 (AP)—William Foster, national chairman of the Communist party in the United States, told a small party assembly here last night that Henry Wallace was the party's choice among prospective candidates for president in 1948. Foster described Wallace as "the man upon whom the mantle of Roosevelt has fallen."

Dr. Warsell Will Go to Molokai As Medical Assistant

Famed Physician Will Have His Wife With Him; She Takes Diploma as Nurse

Englewood, N. J., Sept. 22 (AP)—Dr. Corydon W. Wassell, whose wartime rescue of 12 wounded men from a bombed-out hospital in Java earned him a presidential citation and formed the basis of a Hollywood movie, was en route back to the Pacific today to become a medical missionary on the Island of Molokai.

Dr. Wassell, a resident of Hot Springs, Ark., left Saturday. He had been staying here while his wife, Madeline, completed a graduate nursing course at the Englewood Hospital.

Mrs. Wassell, whom he married in China in 1921, will follow him later to Molokai.

The island, noted for its leper colony, is in the Hawaiian group. Dr. Wassell will work without pay at the Shingle Memorial Hospital, an Episcopalian institution.

City Judge Rowe Heads State Magistrates

Saratoga Springs, N. Y., Sept. 22 (AP) — City Judge Stewart W. Rowe of White Plains succeeds Charles E. Watson, Johnson City Police Justice, as the new president of the New York State Association of Magistrates.

Alex J. Byrne, 79-year-old police justice of Seneca Falls, was elected honorary president at the closing session of the Association's 28th annual convention Saturday. Byrne is believed to be the organization's only surviving charter member.

Vice presidents elected were William W. Van Zandt of New Hyde Park, William S. Decker of Hammondsport and Pierre H. Depew of Nyack.

May H. Raymond and Mildred McClean, both of Albany, were re-elected treasurer and secretary respectively.

The association chose these executive committee members:

Hawley S. Booth, Chenango Bridge; Charles N. Butler, Jr., Patchogue; Theodore Diamond, New York City; John C. Doran, Plattsburg; William J. Fogarty, Central Valley; Daniel C. Malone, East Rochester; William E. Miele, Suffern; R. S. Potter, Millport; Richard M. Stevens, Tuxedo Park; Jacob H. Herzog, Albany, and Watson.

Hoover Outlines Program For Feeding Large Areas

New York, Sept. 22 (AP)—Herbert Hoover said last night that the 1947 world harvest may yield as little as that of 1945 and he outlined steps needed "if large areas of the world are to be saved from mass starvation."

A doctor and nurse accompanied the former president to the Madison Square Garden meeting. His secretary explained that Hoover had not felt well for several days but was "all right now."

The meeting in behalf of German relief was sponsored by the American Friends Service committee, the Labor League for Human Rights (A.F.L.) and Lutheran World Relief, Inc. A spokesman for the sponsors said Hoover appeared against the advice of his physician.

"Due to the failure of agricultural recovery in Europe and Asia, together with devastating drouths in other parts of the world — including the American corn crop — the next 12 months will be a grim food year," Hoover said.

A "disastrous decrease" of 32,000,000 tons of coarse grains was predicted by Hoover. This, he said, would be partly offset by a 4,000,000 increase in bread grains—rye and wheat.

Hoover, who had toured Europe earlier this year to survey the food situation, at the request of President Truman, said that his outline of world food prospects did not include Russia. But he added: "Russia has had some crop improvement. We hope it is enough to supply the satellite states."

Outlines Steps

The situation, Hoover said, calls for these steps:

1. American farmers "must resist the natural tendency" to feed bread grains to animals at a time when coarse grains are scarce. "In this world emergency we must give the preference to human beings," he said.

2. "Unnecessary human consumption and waste of food" must be stopped. Hoover added that "such measures, in order to secure the best results, must be largely voluntary . . . ."

3. The world deficit can be met "only if we have full cooperation from the other surplus-producing countries and drastic control of black markets in the deficit countries."

4. Price increases which he said could "be very largely ascribed to over-exports of food" have complicated the situation. "The remedies for price increases lie in handling of exports with an eye to keeping prices down, in the stoppage of speculation and hoarding and, above all, in decreasing unnecessary consumption and waste," Hoover said.

"By proper world organization," Hoover said, "we ought to be able to prevent disaster as we did in the 1945 harvest year."

General Joseph T. McNarney, former head of American military government in Germany, told the crowd estimated at 16,000 that there was a "political as well as a social and humanitarian necessity for seeing that the ration levels which have been established for Germany are not merely maintained, but raised at the earliest possible moment."

156th Had Job Of Cracking Forts Close to Germany

The 156th Field Artillery Battalion of the New York National Guard, which is now accepting recruits every Tuesday and Thursday night at the Kingston Armory, is a unit that the people of Kingston can be proud of, according to officers of the organization. With a long history extending from the time its parent organization fought off the Esopus Indians through the past world war it has received many honors. One of the honors it received in the past world war is the Distinguished Unit Citation which it received in the following engagement:

The 156th Field Aritllery Battalion after being called into federal service was trained by a Kingston man and after a long training period in various sections of the country sailed for France. At Luneville, France, the battalion dug in along a quiet sector. Not long afterward they were called upon to support the infantry in a successful attack on Strasbourg and aided in holding the city against a powerful attack by a strong German armored force.

The forward progress of the infantry had been stopped just short of the Simserhoff Forts. The fortifications of the Siegfried line and Germany lay only 10 miles away. The important mission of cracking the Simserhoff Forts was given to the artillery.

The Germans were confident that they would be able to hold the forts since as part of the Maginot line the forts had resisted German efforts to take them for five weeks and had surrendered only when the rest of the French Army capitulated.

The major elements of the forts went down eleven floors and were inter-connected by tunnels in which narrow gauge railways carried men and supplies from one element to another. Air conditioned and supplied with enough food to last until January 1st, the forts presented a formidable obstacle from the attackers' point of view. The forts were mutually supporting and fields of fire covered every approach. The casements were only partially visible from the outside and had walls three to six feet thick while the diesel operated turrets mounted 75 or 135 mm. guns. Secondary turrets mounted rapid firing 45 mm. guns and machine guns. To the rear of the forts enemy artillery, 88's, 155's and rocket launchers were in support.

The battalion and the supporting battalions consisted of three light and two medium battalions and were supported by fire of a heavy artillery group made up of 8-inch and 240 mm. howitzers. Light and medium artillery were ineffective against the walls of the fort and even shells of the heavy artillery sometimes bounced off. Most of the observing had to be done within 200 to 400 hundred yards of the forts from small exposed positions as observers sought to direct fire into the ports and ventilators.

After being subjected for five days to the intense artillery barrage from all types of weapons from the 3-inch gun of the Tank Destroyer to the 240 mm. of the howitzer, the defending Germans were forced to withdraw from the forts. It had been a victory of the artillery. The 156th Field Artillery Battalion received the Distinguished Unit Citation for the important part it had played in the victory.

45,000 Pay Their Respects to Former Mayor LaGuardia

New York, Sept. 22 (AP)—An estimated 45,000 New Yorkers filed through the Cathedral of St. John the Divine yesterday to pay their respects at the bier of their former mayor, Fiorello H. LaGuardia, who died Saturday morning at his Bronx home. He was 64.

LaGuardia, mayor for 12 years, will be buried late today in Woodlawn Cemetery after Bishop Charles K. Gilbert of the New York Diocese conducts the Episcopal service for the dead. (At 1:30 p. m., E.S.T.).

Although no eulogy was included in the funeral plans, tribute was paid to the colorful little public figure in radio programs and in the more than 1,000 messages of condolence received by his family. Many were from statesmen overseas, from countries which La Guardia had aided while director General of the United Nations Relief and Rehabilitation Administration.

LaGuardia took the U.N.R.R.A. post shortly before leaving the mayor's office at the end of 1945.

Friends of LaGuardia eulogized him yesterday on a (WJZ) radio program at the hour when he had presented his Sunday "talk to the people" until he was stricken by cancer of the pancreas last June.

A vital message to young men on the new Army Technical School Plan

By now you may realize more than ever the value of specialized knowledge and training. But do you realize the opportunities for getting this training which are open to you in the new Technical School Plan of the Regular Army?

The Army maintains some of the finest technical schools in the world. Any qualified man now in the Army or who enters the Army and qualifies, may attend these schools. But today there is an especially fine educational offer made to high school graduates.

If you are 18 to 34 (17 with parents' consent) and have graduated from high school, you can now select your training course before you enlist in the Army!

You simply go to your U. S. Army and Air Force Recruiting Station and apply for the school of your choice. On this application blank you are given, first, the choice of two different fields of interest, such as electrical and radio, scientific-medical-technical, etc. Second, you may select two specialty courses in each field.

After your application blank is received, the Army will check to make sure there is an opening in one of the four courses you have selected and a place will be reserved for you in that course. Then you enlist for 3, 4 or 5 years and, after passing the necessary mental and physical examinations and completing your basic training, you will be guaranteed training in the course you have selected.

This is too good to pass up. Get all the information about it today at your U. S. Army and Air Force Recruiting Station.

LAKES-TO-THE-SEA ROUTE

From Ogdensburg, N. Y., down the St. Lawrence River to Montreal, six members of the House public works committee junketed from Washington. Purpose: inspection of the Great Lakes-to-the-Sea route discussed for years.

The project, involving almost 700 millions, would by-pass the rapids of the St. Lawrence, and connect the Great Lakes area with the Atlantic. Pressed as a current argument for it is the claim that while ore deposits in the Lake Superior region are diminishing, new ore has been discovered in the Labrador-Quebec district. With the waterway it could be brought to the steel-making sections of the Great Lakes basin. Also the congressmen heard arguments stressing the canal's defense and water power value. Opposition comes from processors of the available low-grade ore now being offered as a substitute for the depleted northwest product.

The matter also involves relations with Canada which presumably would have to approve the project and share in its construction. The issue is slated for joint consideration by both houses of Congress early next year. While the visiting representatives doubtless had a delightful trip, it would seem that this first-hand contact would help clear their thinking, especially since some of the committeemen come from distant points in Oklahoma and West Virginia. The seaway is due to become page one news.

WOMEN IN GERMANY

German women in the British and American zones in Germany are forming organizations for their mutual betterment and working toward the goal of some share in the formation of future government policies. This movement was recently described by Miss Katherina Peterson, a member of the Ministry of Education in Saxony, at the first post-war convention of the International Council of Women in Philadelphia.

Communists, under Russia's direction, are edging into these groups and seeking power, it is charged. In the Russian zone women are being compelled to join an organization euphemistically called the Democratic Women's Union, says Miss Peterson. She claims that the pressure to join is taking on the color of Nazi methods of regimentation. This German Quaker educator maintains that "in order to achieve democracy in Germany, the women must feel they are responsible for the broad political outlines, and they must develop a critical sense as well as an awareness of their responsibilities."

One of Hitler's first moves on coming into power was to lower the role of women in the life of the country. Their hard-won eminence in professional fields was lost, their organizations wiped out, and all were reduced to a menial level. Groups of women of Miss Peterson's caliber should be of value to those who are molding Germany's future.

WHEAT FROM DUST

In the 1930's Bottineau County, N. D., was a waste land of swirling dust under continually cloudless skies. For years acres on acres lay barren, raising not a spear of grain.

A different story is coming from this region today. One farmer expects to harvest about 25,000 bushels of wheat from 1,700 acres which once were desert-like.

In the little town of Rolla this enterprising American, whom the drouth once made penniless, now owns a hotel and restaurant, is building a theatre and a 70-room apartment house and plans to build a children's playground next summer.

This man's success is spectacular and probably unusual for that district. But the important fact is that the land has been made to produce again. The government helped; hard work did the rest.

It is more welcome news than the distressing reports of desolation and collapse which came from the dust bowl area for so long. The story of wheat as a crop instead of sand and thistles is music to the ears.

AMERICAN FROM CEYLON

One country from which the United States gets few citizens is Ceylon. The most eminent of them all has died at the age of 70, Ananda K. Coomaraswamy, the Boston Museum of Fine Arts' expert on Far Eastern art.

Boston's splendid collections in this field were largely due to Coomaraswamy. It helps to get rare art objects if the purchasing museum can write to a dealer in his own language. When that language is Singhalese, spoken in Ceylon, or the Tamil of South India, or the Hindustani which the greater number of India's inhabitants speak, it is hard to find anyone with the requisite knowledge. Coomaraswamy had this, along with a persuasive command of English.

He brought to the United States talents which few Americans possess.

'These Days'

By George E. Sokolsky

GENERAL EISENHOWER

General Eisenhower is having a tough time over his candidacy for the Republican nomination. He could make it easy for himself by announcing flatly that he is not a candidate and will not accept the nomination if offered. That would settle everything. Nobody has to be a candidate or even be considered to be one. All he needs to do is to declare himself out in language which no one will misunderstand.

But why should he do it? Certainly there is no reason why he should not accept the nomination, if offered, except that he is embarrassed by all the talk and the organization of Eisenhower Clubs and the support of Alf Landon and the "Kansas City Star" while he is Mr. Truman's chief of staff. It is not Hoyle for the chief of staff, while in office, to be running against his President. And Ike would apparently like to do it according to Hoyle or Emily Post or Lord Chesterfield's "Letters to His Son" or something equally correct and proper.

In fact, what Ike Eisenhower needs is a break. The reporters and political columnists should refer to him in the most laudatory terms, as he is deserving; they should give front page coverage to his many speeches; they should put excellent captions on his numerous photographs, including those showing him fishing; they should tie him up tightly with his prospective job as President of Columbia University. But they should under no circumstances ever refer to the utterly visible and painfully obvious efforts that are being made undoubtedly against his wishes and without his consent, yet at no time unmistakably stopped by him, the Republican candidate.

Such things do not happen. The bread and butter of a reporter is news. That Ike Eisenhower is a candidate for the Presidency is news. It is a fit subject for report, speculation and comment that he is a candidate while Chief of Staff. It has been news for more than a year. It has been news since he went down to Atlantic City to address the C. I. O. Convention and said things which may do him good or plague him as a politician. It is also a fit subject for speculation to wonder what Harry Truman will do to Ike Eisenhower. Or for that matter what Ike will do to Harry. It is Missouri against Kansas—an old feud in this nation.

For one thing, Truman must be combing the files to discover just what responsibility Eisenhower bears for those events during and since the war for which the Republicans blame Roosevelt and Truman. That is the tough part of Eisenhower's situation. He can say that as a soldier he took orders. Undoubtedly, as a candidate, that is what he and his supporters will say. But the opponents will ask whether a man who takes orders against his conscience is fit to be President and also they will query as to whether he was responsible for misadvising his chiefs.

I know nothing about this at the moment. I am simply laying out the pattern of such a campaign. To offset Eisenhower's popularity, the opposition must destroy him from the record on the conduct of the war, on the agreement to delay our troops so that the Russians could come up and give the appearance of a conquering army, particularly as it affected General Patton's army, involving huge loss of life, and his subsequent conduct as Chief of Staff, including Order JCS 1067, which is responsible for most of our troubles in Europe. I want to make it clear that I am accusing General Eisenhower of nothing; I simply speculate on what Harry Truman must do to defeat Eisenhower, perhaps in advance of the Republican convention.

And then there is another little detail. General MacArthur, authentic hero of the last war and the hero of the peace when what has been done in Japan is compared to what is still being done in Europe, returns to the United States in April. Will roses be strewn in the path of the great pro-Consul and will paeans be sung in his honor in May and June, right up to the Republican Convention? Who knows?

That Body of Yours

By James W. Barton, M. D.

PERITONEOSCOPE

A few years ago "operations" were such a desirable topic of conversation that any middle-aged man or woman who had not undergone an operation was not considered as being in fashion. In fact, I have recorded the cartoon showing two trees, one of which had undergone a "surgical" operation, as shown by the cement filling. The one who had undergone tree surgery was asking the other tree if she had heard about her operation. In fact, a story went the rounds at this time that some individuals were having an appendicitis "cut" made in the abdomen so that they could have an appendicitis scar—should it be necessary to brag about having had an operation.

Now it so happens that where there are abdominal symptoms which do not point to any particular disease — appendicitis, gall stones, kidney stones or other conditions — the physician and surgeon agree that an "exploratory incision," an opening into the abdomen should be made so as to see what is causing the symptoms. This exploratory incision to "explore" the contents of the abdomen is a real surgical operation requiring an anaesthetic, a stay in the hospital, time lost from work.

As it is only natural, therefore, that patient and physician would like to prevent the need of exploratory incision, the new instrument, the peritoneoscope — which enables the physician to see peritoneum covering the organs — makes the exploratory incision unnecessary in many cases. A very small incision is made in the abdomen and the instrument inserted which, by the aid of mirrors, enables the physician to see the condition of the abdominal organs. The peritoneoscope is very helpful where even an exploratory incision would not be considered because of heart, blood vessel and kidney disease.

The use of the peritoneoscope is particularly valuable in cases of cancer, hardening of the liver, tuberculosis of the peritoneum, ascites (deposits of water in abdomen), and in pregnancy occurring in the tube instead of in the uterus.

Boom for Eisenhower Keeps Growing Without Encouragement From General; May Be Democratic Nominee

By DAVID LAWRENCE

Washington, Sept. 22—The presidential boom for General Eisenhower keeps growing without any encouragement from the general. There is no evidence yet which party the World War II commander affiliates with, and it is conceivable that in 1948 the Democratic party might seriously consider him.

After all, the Republicans have an abundance of candidates but there is a dearth of material on the Democratic side. There is even considerable difficulty finding a vice presidential candidate. It could be, too, that President Truman will surprise everybody by choosing not to run. He hasn't yet said he would run.

General Eisenhower would be a "natural" for the Democrats. They need a spectacular candidate, but there is no telling what the situation will be next summer. The President is the kind of man who would not run if he felt it would not be to the interests of his party.

General Eisenhower will be regarded as a good vote-getter because his name is so well known and because he is a popular personality. But unless he picks a party soon, he will hardly qualify for either nomination.

It will be recalled that Herbert Hoover in 1920 was popular because of his record as food administer in World War I. The "New York World," which was an independent and liberal morning newspaper with an influential editorial page, urged Mr. Hoover for the presidency on either ticket. Mr. Hoover had seconded President Wilson's ill-fated appeal for a Democratic Congress in November 1918, so many Republicans considered him a Democrat. Anyway, his reluctance to choose between the parties resulted in only a handful of votes being cast for him at the Republican national convention in 1920 when Harding was nominated.

By 1928, Mr. Hoover's friends recognized the importance of identifying him with the Republican party rather explicitly. When he was chosen Secretary of Commerce in 1921 by President Harding, he really began to qualify as a Republican.

If General Eisenhower is a Republican, he might as well disclose that fact soon. For soldiers have had a vote, too, in recent years even when away from home. Doubtless he voted for Roosevelt last time because the commander-in-chief argument was rather potent in 1944.

The politicians all say that the draft of an outstanding military man is related to whether the party feels the other names to come before the convention are not strong enough to win an election.

Every since the Michigan and Pennsylvania congressional elections, the Republican politicians have felt that Taft, Dewey, or Vandenberg would win easily no matter which one was chosen. This is because in the two test elections, the Republicans ran ahead of their 1946 percentage of total vote.

There is some discussion of General MacArthur as a possible Republican candidate. He wrote in 1944 a rather indiscreet letter—or perhaps, it should be said, a letter not intended for publication—in which some caustic things were said against the New Deal. It has been presumed ever since that he was a Republican.

If General MacArthur comes back to this country next spring, he will receive a tremendous ovation. He has done such a superb job of administering Japan that his friends think he might do equally well in the United States.

If General Eisenhower should be drafted by the Democrats, the Republicans might be tempted to nominate General MacArthur. Then the country would be assured of a military man in the White House, no matter how the election turned out. Maybe that's what the country wants—but the politicians of both parties are not yet ready to concede it.

AS PEGLER SEES IT

By WESTBROOK PEGLER

New York, Sept. 21—The national government is wasting its own energy and money in the attempt to deport three foreign-born unioneers who are suspected of being Communists and thus enemies of the United States.

These are John Santo, a Roumanian, of the Transport Workers' Union, which is forever tormenting New York with slowdowns on the buses and subways and threats of one big paralyzing strike; Michael J. Obermeier, the president of a hotel and club servants' union of the A. F. of L., and Ferdinand Smith, a West Indian negro, of the National Maritime Union. Santo, who has several other names, and Smith have been charged with illegal entry as well.

The Supreme Court went far out of its way to frustrate the law in a similar case against Harry Bridges. He had been convicted of Communistic "affiliations." The law was passed in a futile effort to protect itself from the impudent treacheries of foreign enemies coming here. Bridges had been found guilty by Charles B. Sears, of New York, one of the best judges in the country, sitting as examiner. Francis Biddle, the attorney general, signed an order to throw Bridges out of the country. The entire Communist organization went to bat for Bridges under orders from Moscow. The best Communist hair-splitting and lint-pickers in the country were his to command. Hundreds of thousands of circulars and pamphlets were turned out and sent to the standard sucker lists begging money. Incidentally, Bridges and several of his unions and committees brought suit against me and other defendants alleging libel. They quit last year without one word of retraction, qualification, or apology and without a cent of damages.

To balk Biddle, Bridges sued for a writ of habeas corpus in the U. S. district court and lost. Then he lost in the Court of Appeals. The score was now 3 to 0 in favor of the people of the United States, but they stood no chance in the Supreme Court. There Hugo Black, the old Alabama barn-burner, of the Ku Klux Klan of night-riding terrorists, wrote the majority opinion holding that Bridges didn't really "affiliate" with the enemies of our government. All he did was "cooperate" and anyway he stopped at some hair-line on the lawful side of their illicit final purpose to overthrow the government by violent insurrection.

Frank Murphy often shows off in his official conduct as garishly as he does in the nocturnal jitters on the dance floors of night clubs in Washington and New York. In this case he almost had hysterics. He wrote that police department and other "public agencies" and groups of farmers and veterans had "joined in an unremitting effort to deport" a fellow who, up to the minute when Murphy signed his name to this nonsense, was, by official decision, an enemy, deserving the opposition of all patriots. Murphy also moaned about the terrible injustice of depriving an alien of the chance to earn a living in the United States. I have yet to be told where the dancing barrister ever evinced any concern for hundreds of thousands of real American citizens who have been deprived of their legal right to make a living by Murphy's political comrades, the union racketeers and goons. So it may be taken for granted that the Supreme Court, out of sheer mischief, will have these three from deportation on appeal.

There is just no doubt that the members of the Communist party are implacable enemies and traitors. The House committee on un-American activities has proved this fact repeatedly from many angles. Incidentally, it is amusing nowadays to watch the reaction of the New York Herald Tribune in such incidents. After the latest report of the committee, sure enough, on a Sunday on page one of the editorial section, two columns wide, William Shirer said the committee was trying to make all Americans conform to its own idea of "Americanism". What the committee was doing was simply to show from the records that the Communists are fueled from Moscow and always in Moscow's interest and to give the names of those who had taken part in their dirty work. The Herald Tribune seems to be going after some of the circulation of the Daily Worker and Marshall Field's thing.

Strange, dramatic things may happen in our country as the conspiracy warms to the explosion. The same Supreme Court decided in another case that there is nothing wrong with our law which would permit "any military commander designated by the secretary of war" to throw into concentration camps all those actors, writers and lawyers, all those Communist unioneers and radio orators and Henry Wallace, too, who have indicated a tolerance or preference for Russia. A corporal or a buck private could do this. The law doesn't single out Communists or fellow travelers or immigrants from Russia or Russia's satellite countries. It says "any person" may be forbidden to "remain in" any place. That means that whenever we get fed up we can round up those listed by the congressional committee and stick them away in the desert as we did the Japs. We can confiscate all their money and property by a provision which says they may be forbidden to commit "any act" and fined $5,000 for each offense.

In the recent war, we applied this law almost exclusively to Japs. But whenever we have a mind to we may apply it selectively to natives of Bessarabia, Jugoslavia, Bulgaria, Poland and the Baltic countries, and their sons and daughters. We could exempt our friends. It is idle to ask if this wouldn't have some bad effect on our "democracy." If we ever do this, we are going to be so damn mad that we will be thinking of safety first and our safety, not theirs, as we did when General De Witt rounded up the Japs after Pearl Harbor. We came through that without losing our country or our freedom. We did even worse in the Civil War.

A.V.C. to Present Play at Albany, Despite Refusal

Albany, N. Y., Sept. 22 (AP)—The American Veterans Committee says it plans to present the play "Deep Are the Roots," banned from an Albany high school by the Board of Education, at another auditorium late next month.

Fred De Beer, Jr., chairman of the A.V.C.'s Albany Chapter, said yesterday that his organization did not intend to start action to set aside the Board of Education's ban, but would present the play at some other auditorium. The site, he added, has not been determined.

The Board of Education in refusing permission to the A.V.C. to use Philip Livingston High School, said the play, which deals with postwar negro problem, was "undesirable in the public schools of Albany."

De Beer said in a statement that the play was "highly thought provoking."

Declaring that the A.V.C. had "worked continually for the betterment of racial relations," De Beer said the Albany Chapter is sponsoring the play because it found it to be "the most effective play dealing with the racial problem."

Philip Livingston High School figured in a court contest last spring when the Board of Education withdrew permission for a recital by Paul Robeson, negro baritone, after a House committee listed Robeson as sponsor of an organization said to follow the Communist party line. A negro church group sponsoring the concert obtained a court order directing that it be allowed.

Dewey Proclaims Week

Albany, N. Y., Sept. 22 (AP)—Governor Dewey today proclaimed October 5-11 as "Parent-Teacher Membership Week" and said "wherever the Parent-teacher organization is strong and influential, the schools are good." Citing a 23,500 increase in membership in the New York State Congress of Parents and Teachers in the past year, the governor said: "It has become more evident every year that the standard of the school in any community rises in direct ratio to the keeness and diligence of the personal interest manifested by the parents."

Six Lose Lives In State Accidents During Week-End

Albany, N. Y., Sept. 22 (AP)—At least six persons lost their lives in upstate New York accidents over the week-end.

Two Buffalo fishermen were drowned yesterday, one in the Niagara river near the Peace Bridge to Canada, and the other in Lake Erie.

William F. Ludka, 62, was lost when he slipped from the grasp of two companions, one of them his son, after the three had clung to their overturned boat in Lake Erie for an hour and a half.

Charles Tait, 30, was drowned in the Niagara river by other fishermen.

Other fatalities:

MINEVILLE — Kenneth Goodspeed, 28, of Weatherbee, injured fatally when crushed by fall of rock at Republic Steel mine.

JAMESTOWN—Howard H. Culver, 28 of Randolph, truck left highway and struck telephone pole.

JAMESTOWN — Richard Clark Ackerman, 19, automobile left highway and overturned.

ITHACA — Sandra Lee Davis, one-year-old daughter of Cornell University Tennis Coach Richard Lewis, run over by family car in yard of home.

Pravda Says Diplomatic War Being Waged by U. S.

Moscow, Sept. 22, (AP)—Pravda, Communist newspaper, says Secretary of State George C. Marshall is attempting a "diplomatic war" on Russia that threatens the existence of the United Nations.

Pravda and the Soviet government newspaper Izvestia both criticized Marshall yesterday for his U.N. Assembly speech in New York last Wednesday. They objected particularly to his proposal for a year-around assembly "Security Committee."

In Pravda, J. Viktorov wrote that the U.N. was a "barrier against the realization of expansionist plans" which he charged to the U. S. He said Marshall had "declared 'diplomatic war' against the Soviet Union and other democratic countries because the presence of the Soviet Union in the United Nations removes the threat of the establishment of a monopoly of domination on the part of the Americans."

Viktorov added, however, that "the 'diplomatic war' * * * won't turn into an easy 'triumphal march.'" Hhe declared that the Thursday Assembly address of Soviet Deputy Foreign Minister Andrei Y. Vishinsky "gave rise to panic among the 'pallbearers' of the United Nations and found unanimous approval among all sincere supporters of peace."

Senator Wicks

following letter to all of the Republican County Committeemen of the State, urging that they seek to have voters of their respective counties support the amendment on election day:

September 15, 1947.

Dear Fellow County Chairman:

A concurrent resolution of the Senate and Assembly, passed at the 1947 legislative session, would amend the Constitution by permitting the construction of not more than 20 miles of ski trails on the slopes of Belleayre Mountain in Ulster and Delaware counties; and not more than 30 miles of ski trails on the slopes of Gore, South and Peter Gay Mountains in Warren county.

Skiing is a stimulating and healthful sport. The skiing facilities of this state should be enlarged to permit a greater number of our people to obtain the benefits of this healthful sport.

The State Department of Commerce devotes a great deal of time and money to the promotion of the recreational facilities of this state. The construction of these proposed ski trails will substantially add to the winter recreational resources of this state.

Competition for the winter sports business is very keen, especially from the New England states. The construction of these proposed ski trails will help meet that strong competition.

The proposed constitutional amendment will be voted on by the people of this state on next election day.

As the sponsor of the Senate resolution providing for these ski trails, may I suggest and recommend that you use all of the facilities at your command, as county chairman, to obtain overwhelming support for this constitutional amendment in your county, so that the residents of your county may join the rest of the people of this state in the enjoyment of the winter sports which will be made possible by the construction of these ski trails.

Sincerely yours,

A. H. WICKS.

based only on years of service. Teachers' organizations protested that the promotional increments would introduce "politics in the school system and place the granting of increases on an arbitrary personal basis."

The committee grouped in "four areas" teaching services and community activities which it said would characterize the exceptional teacher."

They were:

Service to pupils through "unusually skillful or stimulating classroom work * * * or assistance to pupils in out-of-school activities."

"Exceptional service to the community through non-school activities directly related to the interest and well-being of young people in such matters as the prevention of juvenile delinquency or the provision of opportunities for recreation."

A minimum of 60 hours annual participation in non-school activities to benefit pupils, such as "summertime work related to the teacher's field of instruction or social projects for which the teacher is not otherwise compensated or is only nominally compensated."

Additional "professional training and experience."

The local advisory groups should recommend not only standards and "specific evidences" of eligibility for promotional increments, but also changes in standards and procedures in obtaining evidences of eligibility, the committee recommended.

Eleven classroom teachers, eight members of supervisory and administrative staffs and two school board members comprise the advisory committee.

The law provides that local school boards establish "objective standards to govern the granting of promotional increments * * *" and also stipulates that classroom teachers participate in the "formulation and administration of these standards."

Two Brooklyn Men Booked on Charges

New York, Sept. 22 (AP)—Assistant District Attorney Victor Levin said that two 20-year-old Brooklyn men were booked early today on charges of giving false information to police after they changed their story of having seen a woman fall or be thrown from an automobile early Saturday.

Levin said the two, Howard Portnoy and Harold Farley, admitted they had fabricated the story in the hope of selling it to New York city newspapers.

The two were taken into custody for questioning after the body of Mrs. Vera Kenney, 35, of Brooklyn, mother of two children, was found along side the Belt Parkway in Queens.

Police said that investigation indicated the woman had been struck by an automobile. An autopsy showed she had suffered a fractured skull and severe internal injuries.

Accident at Bridge

No personal injuries were reported by the police today following an accident at the Rondout Creek Bridge about 5:45 o'clock Saturday afternoon when a vehicle operated by John McTi Gue of 263 Broome street, Catskill, crashed into a car driven by Edward Pochiya, 6264-60 street, Ridgewood, N. The World Today

By DeWITT MACKENZIE
(AP Foreign Affairs Analyst)

We shall be wise not to overlook French Foreign Minister Bidault's declaration before the U.N. assembly that his delegation "deems it futile and dangerous to conceal the magnitude and seriousness of the crisis" growing out of the Russo-American clash, which is threatening the "very life" of the peace organization, and it's only honest to say one doesn't see how the opposing views can be reconciled.

And why can't they be reconciled? Having given us something to ponder, M. Bidault sidestepped that issue—a delicate matter for discussion by the foreign minister of a country which is precariously situated in the no-man's land between the two dominant powers. However, we can fill in the gaps which he skipped. The real key to the situation is a fact upon which this columnist has been insisting because of its supreme importance, and it is this:

Russia's generation-old program of world revolution for the establishment of totalitarian Communism finally is in full swing. Not for one moment should we forget that, for the insidious ramifications of the great offensive have penetrated every country on the globe. Its greatest success has been in eastern Europe where a big new Red empire has been built out of weak countries by strong arm methods in a short time, but already it has a grip on other war-torn nations like Italy.

This world revolution can't be reconciled with any other views. It can be stopped only if and when it comes up against an immovable barrier. Sweet words of wisdom won't turn the trick. Neither will harsh language.

What sort of barrier is needed? Does it mean war? Well, it could mean that, but it strikes me there are other possible ways of halting the Red tide. One encouraging point is that Russia doesn't want war—isn't prepared for war and can't be for many years to come. Naturally she could fight a strong defensive war, but not one of major aggression.

That being the case, the most effective barrier would be rehabilitation of European democracies so that they could defend themselves against Communist aggression, instead of being shot like sitting birds. And that, of course, is the significance of the Marshall plan, although Moscow charges that the program is imperialistic and calculated to give America control of Europe.

The big question is whether the rehabilitation plan can work fast enough to save an all but desperate situation. Most of Europe is struggling in the economic morass. Key countries like Britain and France are so hard hit that they are unable to bolster their smaller neighbors. That's why so much dependence is being placed on America.

Such a condition of weakness provides the best possible field for the operations of Communism. A prime example is Italy which is so hard hit that she is fighting for her life. Into that situation Communism is throwing every ounce of strength in the way of fomenting strikes and disorders to make the position of the right-of-center government untenable. The Reds, led by Russian trained Italian communist Palmiro Togliatti, are even talking revolution openly.

If rehabilitation can't be achieved in time to form an effective barrier against aggressive Communism, then the Red ism will overrun the rest of Europe. That would create a new and terrible menace to the Orient and the western hemisphere.

The position is critical but not hopeless and I believe we are entitled to expect that the economic crisis can be overcome.

Woman, 24, Polio Victim, Is Mother Of 6-Pound Boy

Akron, O., Sept. 22 (AP)—A 24-year-old woman under treatment for infantile paralysis has given birth to a six-pound, two-ounce boy, Children's Hospital reported today.

The hospital, which has treated a large number of polio patients here in the state's most serious outbreak this year, said the baby was the first born there.

Mrs. Margie Poole, attaches said, was admitted with polio September 14 and still was in isolation last night when the child was born. Dr. M. E. Farris reported he probably would display no signs of the disease.

Polio cases here rose to 312 over the week-end, health authorities said.

About 2000 cats are employed as mousers in government offices in England. They are on the payroll and receive a shilling a week.

Un-American Unit Would Not Give Hearing Spectacle

Will Take Steps to Avert Unfavorable Publicity, Is Word From Washington

Washington, Sept. 22 (AP)—The House committee on un-American activities is taking precautions to prevent its forthcoming "Hollywood investigation" from becoming a spectacle.

While disclosing no details beyond the committee's announcement that the inquiry will get under way October 20 instead of September 29 as originally scheduled, members said every possible step will be taken to avert "unfavorable publicity."

"We do not want this hearing to be turned into a circus or an extravaganza of the Hollywood variety, or to get out of hand like the Howard Hughes Senate investigation did," one committee member said.

"This is serious business and it is going to be handled that way."

Robert E. Stripling, chief investigator for the committee, declined to comment on reports that the committee will forbid picture-making after witnesses have been sworn and that it will ban broadcasts of the proceedings.

The hearings, to be held in the large caucus room of the old House office building, are expected to last several weeks.

They will be preceded by three days of hearings starting Wednesday in the committee's investigation of Hanns Eisler, Hollywood song writer and brother of Gerhard Eisler. Gerhard Eisler has been identified in previous hearings as a key Communist.

Witnesses scheduled to testify in the committee's quest of information on how Hanns Eisler entered this country include Sumner Welles, former undersecretary of state, and George S. Messersmith, former ambassador to Argentina.

Forty-three witnesses have been subpoenaed for the Hollywood hearings labelled by Chairman J. Parnell Thomas (R.-N. J.) as an investigation of "Communist influence in the motion picture industry." They include top actors, producers and writers.

Among them are Charles Chaplin, Gary Cooper, Walt Disney, Adolph Menjou, Ronald Reagan, Robert Montgomery, Larry Parks, Robert Taylor and Columnist Lowell Mellett.

Child Hurt Slightly

Carol French, 11, daughter of Mr. and Mrs. Walter H. French of 69 Washington avenue, received only minor injuries to her arm when she ran her bicycle into a car operated by Thomas J. Mills, 45 Derrenbacher street Saturday afternoon about 3 o'clock, the police said today. It was reported that Mills, driving a sedan, was proceeding east on Henry street at the intersection of Prospect street, when the girl ran into his vehicle.

KAISER-FRAZER NOW WORLD'S FOURTH LARGEST PRODUCER of AUTOMOBILES!

More Than 87,000 Kaiser and Frazer Owners— as Production Records Soar at Willow Run!

MORE THAN A CAR A MINUTE

UNITED PRESS NEWS STORY

KAISER-FRAZER RANKS FOURTH IN PRODUCTION

Detroit, Aug. 16 (UP)—The Kaiser-Frazer Corp., banking on a war-born boom in new cars, has amazed automotive experts by turning up as the industry's fourth largest producer.

A little more than a year ago Kaiser and Frazer cars did not exist except on paper. A little more than six months ago the company borrowed $12,000,000 to keep its head above financial waters.

Today production figures show K-F is grinding out some 2,600 passenger cars a week, better than any of the independents and runner-up to the "Big Three"—General Motors, Ford and Chrysler.

And the company is making money.

Viewed as Miracle

Some observers call it a "miracle" that Kaiser-Frazer has been able to do what few fledgling manufacturers could accomplish—crash into the highly competitive automobile business and stay there.

Admittedly the company "ashed in on an opportune moment—a time which public clamor for new cars was at its highest. It sort it disappointed the public by promising to build cars that would compete in the low-priced market and is offering now three models that are listed at the factory at $1,917, $2,152 and $2,550.

But what amazes the experts is that K-F has been able to build autos in volume at all in the face of material shortages that have hamstrung the production schedules of even the long-established manufacturers. It hasn't been easy, but the result is another tribute to canny Henry Kaiser, the production miracle man of the war.

Kaiser seldom comes in direct contact with the clanging production lines at the huge Willow Run plant, but wields power behind the scenes, especially in financial matters, and is consulted on all major moves.

His partner, Joseph W. Frazer, concerns himself mainly with sales of the new product.

Son Captains Production Team

On the scene at Willow Run the destinies of the company are guided by Edgar F. Kaiser, 29-year-old son of the "old man," who has gathered about him a smart production team. The team has come a long way since June of last year when a total of seven cars was turned out.

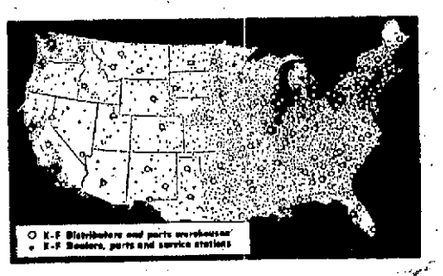

This June—a year later—the company passed other independents with an output of 12,039 units and is shooting for a goal of 14,000 in August.

Its labor force, containing a high percentage of young war veterans, has grown from a few thousand to 9,000 at the Willow Run plant.

How Kaiser-Frazer Maintains the Quality of Its Products and Services

★ K-F has substantial investments in sources supplying many raw materials;

★ K-F operates its own high-production engine plant;

★ K-F makes its own bodies complete at Willow Run;

★ K-F has one of the four largest factory-trained dealer service organizations in the world.

Rita Virginia Lawrence Wed Sunday Afternoon To Richard V. Roth, Hartwick College Student

The wedding of Miss Rita Virginia Lawrence, daughter of Mr. and Mrs. Walter H. Lawrence, 192 Hurley avenue, to Richard V. Roth, son of Alderman and Mrs. Victor H. Roth, 308 Lucas avenue, took place Sunday at 2:30 p. m. in St. James Methodist Church. The Rev. Merrill Johnson, pastor, performing the double ring ceremony.

C. Franklin Pierce, organist, played a program of wedding music and Miss Marjorie Hinkley sang, "The Lord's Prayer," and "Because." The church was decorated with garden flowers.

Mr. Lawrence gave his daughter in marriage. She wore an ivory satin gown en train made with sweetheart neckline, and long pointed sleeves. Her fingertip veil was attached to a coronet of seed pearls. She carried red roses and ivory pompons.

Miss Lillian Gleason as maid of honor wore a mauve pink taffeta gown with matching headpiece and carried yellow roses. The Misses Elizabeth and Anne Roth, twin sisters of the bridegroom, as bridesmaids wore aqua taffeta gowns with matching headpieces and carried lavender pompons.

Vincent D. Lawrence, brother of the bride, was best man. Ushers were Clayton Coressel of Staten Island and Robert Sickler of this city.

A reception for 100 guests was held at the church parlors. Afterward Mr. and Mrs. Roth left for Oneonta where he is attending Hartwick College. For traveling the bride chose a wine color suit, black accessories and corsage of yellow pompons.

Mrs. Roth was graduated from Kingston High School in 1946 and is employed by the New York Telephone Company. Mr. Roth, a graduate of Kingston High School, served 2½ years in the navy during the war. He attended Rider College last year and is majoring in business administration at Hartwick.

Good Taste Today

By Emily Post

(Author of "Etiquette," "Children Are People," etc.)

"JOHN," "MY HUSBAND" OR "MR. SMITH"

A seemingly unimportant question, evidently puzzling to a great many, is asked in the following letter: "In talking about my husband, should I refer to him as 'John,' 'My husband' or 'Mr. Smith?'"

You say "John" to all friends. "My husband" is the name of safety to social acquaintances, especially to strangers who know no better than to call him whatever you do. To call him "Mr. Smith" (or for your husband to call you "Mrs. Smith") is a social blunder of the first order, since it is said correctly only in business or those in your employ.

You would leave a message with the doorman at a club, "Please tell Mr. Smith when he comes I will be watching the tennis match." To a fellow club member, even one whom you know very slight, it is not only "provincial" but also rude to speak of "Mr. Smith" instead of "my husband"—or "John" if you know the other member at all well. No rule in all of etiquette is more exacting from the point of view of good taste than this use of names.

Ban Is Against the Bride's Family

Dear Mrs. Post: Would it be permissible for a friend of my brother's bride to give her a shower here at our house (where my brother and his wife are staying temporarily) instead of at the friend's house? The marriage was a secret one and now the bride's friends want to give her a shower, but none of them has a house large enough.

Answer: It would be quite all right. As a matter of fact, there is no ban against a shower being given by the bridegroom's family.

Leaving Cards

Dear Mrs. Post: If an invitation has the names of several hosts and hostesses and also those of two young people, making six in all, how many cards are left by my husband and myself at their afternoon reception?

Answer: Two of your cards, three of your husband's (or two double cards and one of your husband's) is the greatest number left ever, no matter what the circumstance. This means one card of yours for the hostess, one of your husband's for the host and another of his for the hostess, and one card each for however many others there may be.

Cocktail parties have become very popular. The invitation, the time and what to serve are included in Mrs. Post's leaflet, "Serving Cocktails." To obtain a copy, send 5 cents in coin and a stamped self-addressed envelope to her c/o The Kingston Daily Freeman, P.O. Box 99, Station G, New York 19, New York. Reader Service

Once you've mastered the basic essentials of touch-typing, it is a simple matter to learn the rules of business letters—an invaluable skill for the job-hunter.

Every business letter that leaves an office should have a carbon copy filed for reference. For an extensive filing system, several satisfactory carbon copies can be made at one typing.

For satisfactory erasures on one or more carbon copies, (1) roll paper up and erase error on last carbon copy; (2) insert small strip of paper between this carbon copy and carbon sheet; (3) make erasure on next sheet and so on; (4) remove strip(s) of paper and (5) roll paper back to writing point and make correction.

Carbon copies are used for reference. The original is sent to the person to whom the letter is addressed.

Prepare for a good job with our Reader Service booklet No. 13. Chapters on business, official and social letters, statistical reports and a keyboard chart for exercises and drills.

Send 25 cents (coin) for "Touch-Typing Self-Taught" to Kingston Daily Freeman, Reader Service, 243 West 17th Street, New York 11, N. Y. Print name, address with zone, booklet title and No. 13.

Baseball Meeting Set To Air Public Opinion

The emergency meeting of local sports, civic, fraternal and service organizations Monday, September 29, at the Stuyvesant Hotel, to formulate a campaign to have the Kingston Dodgers return in 1948, will be open only to authorized representatives of groups, it was announced today.

Clarence S. Rowland, president of the Dodgers' Board of Directors, said the meeting has been called to rally public support for the return of the organized ball club.

The Dodgers notified Mr. Rowland on September 12 that they are not planning to operate the local franchise next season, due to excessive financial losses and the "terrifically disappointing" attendance here during 1947.

Won 1947 Pennant

The Dodgers won the regular pennant in the North Atlantic League, but were eliminated by Peekskill in the first round of the Shaughnessy playoffs.

In effect, the Brooklyn organization wants to unload the franchise and is giving Mr. Rowland and local interests first crack at the bargain.

Expressing the belief that the Dodger ultimatum was something of a "feeler" for better terms next season, Mr. Rowland said he believed the city could be rallied to pledge proper support of the club in 1948. He pointed out that publicity for the club was poorly handled this season and that he could guarantee a large sum for advertising purposes.

Want Opinions

"We would like to hear the opinions of qualified representatives of all local organizations interested in returning the Dodgers here in 1948," Rowland said. "We don't want to turn the meeting into a free for all where everyone will air his gripes. Above all, we desire no repetition of the public hearing that preceded the Dodgers' arrival here last spring."

Two service groups—the Chamber of Commerce and Lions Club—already have gone on record as favoring return of the Dodgers.

The Monday night meeting is expected to attract delegations from the C. of C., Lions, Moose, Kiwanis, Rotary, Y.M.C.A., Kingston Athletic Association, Elks and many others.

If sufficient interest and support is generated at this meeting, the Brooklyn Dodger officials will be invited to Kingston to discuss plans of operation for 1948. If the meeting flops, the issue would be a dead duck.

Goshen Winner Due at Rhinebeck

Henry Renard, crack midget race driver of Long Island, who won the 100-mile national championship race yesterday in Goshen, will appear in the regular Tuesday night program of races at the Rhinebeck Speedway this week.

Renard cleaned up in several events in Goshen Sunday competing against the best drivers in the country. The same group will vie for prize money in the 25-lap feature. First race is scheduled for 8:30 p. m.

Yankee Hurlers Blazing at Peak Form In Quest of World Series Assignments

By JOE REICHLER
(Associated Press Sports Writer)

Manager Bucky Harris, whose New York Yankees already are in the World Series, and Burt Shotton, pilot of a Brooklyn Dodger team still striving to get in, pondered pitching problems today with Shotton's cares the more serious of the two.

Harris has been getting such splendid mound performances since the Yankees' clinching date that he can't make up his mind who he'll start in the fall classic. On the other hand, Shotton can't find a starter to pitch that pennant "clincher", let alone to open the big series.

Bevens Hurls Shoutout

For the fourth straight day, a Yankee hurler went the route yesterday when Floyd (Bill) Bevens scattered three hits in pitching a 6-0 victory over the Athletics in Philadelphia. Bevens, who hadn't been counted upon very much by Harris, thus served notice that he was out to win a World Series starting assignment.

On the previous day, Bobo Newsom, a leading candidate for the opening assignment, dropped a 3-2 decision to the A's, allowing nine hits in going the distance. The day before, Frank Shea pitched a four hit 3-1 triumph over the Chicago White Sox. That game came on the heels of a seven-hit shut-out performance by Allie Reynolds, the Yankees' biggest winner. Just before the Yanks officially clinched the flag, the staff had gone through 13 games without a pitcher being able to finish a starting assignment.

The Brooks, who saw a starting pitcher fail to go the route for the fourth day in a row, failed for the third straight time to sew up the flag. They still need one more victory or a defeat by the St. Louis Cardinals to get in the series. The Brooks have six games to play and the Cards, who meet the Chicago Cubs in a day-night doubleheader in St. Louis today, have nine.

Branca Beaten

Ralph Branca, the Dodgers' 21-game winner, was the latest to get the gong as the Boston Braves finished him off in seven innings and went on to shut out the Brooks 4-0 at Ebbets' Field. Warren Spahn limited the Dodgers to six hits as he joined teammate Johnny Sain with 20 victories for the season. Spahn is the first Braves southpaw to win 20 games since Irving Young won that many in 1905.

The Braves moved to within a game and a half of the second place Cards.

Larry Jansen, rookie right-hander of the New York Giants, joined Spahn, Sain, Branca and Ewell Blackwell of Cincinnati in the 20-victory class when he pitched the Giants to a 6-4 triumph over the Philadelphia Phils at the Polo Grounds. The win gave the Giants a split in their double header as the Phils won the opener 3-2 in 11 innings.

Giants Split

Rookie Second Baseman Bobby Rhawn slammed his first round tripper in the second game to enable the Giants to establish a National League record by hitting homers in 18 consecutive games. They hold the old one of 16 straight games. The Yankees hold the major league record of 25.

Cincinnati and Pittsburgh split a twin bill, the Reds winning the opener 3-1 and the Pirates taking the nightcap 11-7. The second game was halted because of darkness at the end of eight innings.

Rae Scarborough, who had lost eight games in a row, pitched the Washington Senators to a 3-0 victory over the Red Sox in Boston.

The scheduled games between St. Louis and Chicago and Cleveland and Detroit in the American League, were postponed by rain.

Y Cagers Will Meet

The second meeting to organize the Y.M.C.A. Autumn Basketball League will be held on Thursday night at the Y at 7:30 in the office of the physical director.

Lou Schafer requests that all teams interested in joining the league send a representative. Interested basketball managers expected to attend are Neil DuBois, Vincent Brooks, Dumit Maroon, Brennan, Albert Hunt, "Finky" McElrath, John Costello, Eddie Bock, Leon Studt and Gene Fitzgerald.

It is planned to start the schedule the first week in October and complete play by Thanksgiving, when the regular winter basketball season starts.

Will Meet Tuesday

A special meeting of the Olive Fire Department, No. 1, Inc., will be held Tuesday evening at the I.O.O.F. Hall starting at 8 o'clock. All members are requested to attend.

Drouth Hits U. S. Zone

Berlin, Sept. 22 (AP)—Germany's worst drouth in 100 years has crippled economy in the American zone, says Gen. Lucius D. Clay, cutting hydro-electric output by 22 per cent, slashing crop prospects by 20 to 40 per cent and reducing inland water transport to half its scheduled tonnage. Clay, in his monthly report, noted that the situation was brightened by a continuing increase in the Ruhr coal output, which averaged 242,395 metric tons daily for the first week in September.

Leaves for New York

Athens, Sept. 22 (AP)—Foreign Minister Constantin Tsaldaris left by plane for New York today to assume the leadership of the Greek delegation to the United Nations. The Greek embassy in Paris said that Tsaldaris was proceeding to New York by way of the French capital, but that he would pause there for only an hour.

Lengthy Races

The Blackfoot Indians of a few generations ago ran foot races several hundred miles in length, without stopping. A favorite run was from what is now Gleichen, Alberta, to Medicine Hat and back, a distance of about 240 miles.

A-a-a-h . . . . Phooey!

Demolishing the historic Vanderbilt mansion in New York, to make way for a 19-story office building, the crew stumbled across the wine cellar. This member settled down among the champagne bottles, prepared for a cozy afternoon. But one guzzle changed his plans—the stuff had turned to vinegar.

Establish Long Suit For Needed Tricks

By WILLIAM E. McKENNEY
America's Card Authority
Written for NEA Service

The Canadians made a fine showing in the recent national championships tournament. The team of P. E. Sheardown of Toronto, S. Gold and A. Goodman of Montreal, Miss Charlotte Sidway of Buffalo and Mrs. R. P. Cunningham of Chicago reached the semi-finals in the world championship Masters team-of-four event.

A good delegation of U. S. experts expect to attend the Province of Quebec Tournament at the Windsor Hotel in Montreal October 10 to 12. M. R. Quinn and J. D. MacFarlane, who won the Montreal Metropolitan open pair championship last April, were unable to come to our national championships, but we will meet them in Montreal in October.

MacFarlane used a nice safety play in making his contact on today's hand. He won the opening diamond lead with the ace and led the six of clubs, finessing dummy's jack. East won the trick with the ace and led back a heart, MacFarlane winning with the ace. He cashed the ace of trumps, and to guard against three spades to the queen in one hand, he led a small spade from his own hand. If East originally held the queen-ten-three of spades, the contract would not be made.

But West won the second spade trick with the queen and led the king of hearts, which declarer ruffed in dummy with the five of spades. A low club from dummy was ruffed with the king of spades, establishing the club suit, and declarer had a small spade left to lend to dummy's jack, the needed entry to cash the balance of the clubs.

Miss Oser Is Wed

Pasadena, Calif., Sept. 22 (AP)—Anita Oser, 23, heiress of the Rockefeller and McCormick families, was married to Linus Carl Pauling Jr., 22, son of a well-known scientist, in an informal ceremony here Saturday. The bride is the great granddaughter of both the late John D. Rockefeller and Cyrus Hall McCormick. She and her brother, Max, inherited a $3,600,000 estate when their mother, Mathilde McCormick Oser, widow of Swiss army officer Max Oser, died last May. The bridegroom's father is Dr. Linus C. Pauling, chairman of the Chemical and Chemical Engineering Divisions at California Institute of Technology. Young Pauling is a premedical student. He and Miss Oser met at Pomona College.

Publishers Hope Clarified Situation Will Be Achieved

Survey Indicates I.T.U. Stand Has Not Forced Strikes; Direct Test Arises

(By The Associated Press)

The "no contract" policy adopted in August by the International Typographical Union (A.F.L.) has not been reflected in an increase of strikes or open threats of strikes in the publishing business, a survey showed today.

But the survey gave several indications that the policy is leading to tangled relations in some cities and that publishers are hopeful the situation will be clarified when I.T.U. representatives meet later this week in Indianapolis with the special standing committee of the American Newspaper Publishers Association.

At its Cleveland convention, the I.T.U. decided that it no longer would enter into contracts with publishers but instead its members would continue to work under posted conditions of employment. The I.T.U. long has had a closed shop status; the Taft-Hartley labor law bans closed shop contracts.

One direct test of the policy has arisen. The Graphic Arts League, an organization of 32 Baltimore print shops, charged in a complaint filed with the National Labor Relations Board that the I.T.U. "entered upon and engaged in a preconceived and continuous plan and course of action for the purpose of violating the provisions of the Labor Management Relations Act, 1947."

The I.T.U., the league charged, refused to bargain collectively in good faith by insisting that provisions in violation of the act "be adopted by the employers as rules and conditions of employment for their employes * * *"

Little Rock Status

James Griffey, chairman of the I.T.U. Local at Little Rock, Ark., said printers there have been working under the "conditions of employment" status since last Feb. 1.

"The union is better satisfied than ever before, the men are all contented," Griffey said. "There is no compulsory arbitration any more. No non-union man has tried for a job here since the conditions became effective."

Buffalo, N. Y., is one place where the policy has brought open talk of a possible work stoppage. I.T.U. contracts with the Buffalo Evening News and Buffalo Courier Express expired more than a month ago.

"The union offered us their Form A, an agreement designed to take the union out of the reach of the law, which our attorneys advised us not to sign," commented Frank J. Clancy, general manager of the Courier Express.

"We have had three meetings without an agreement and the union filed a 60-day cancellation notice on Aug. 14. Apparently they plan to post their conditions of employment, then call a 'lockout' if they are not met."

John Foster, secretary-treasurer of the Buffalo I.T.U. Local, said that "if the publisher does not provide suitable working conditions, he is locking us out."

In some cities where old contracts have expired there has been no move toward re-negotiation. In others long term contracts keep the new policy from becoming an immediate issue.

Fire in Engine Caused Damage to Clipper

New York, Sept. 22 (AP) — Preliminary investigation by civil aeronautics board investigators indicates a fire in the inboard starboard engine Nacelle caused a Pan American Clipper to fly the last 50 miles from Bermuda Saturday night on two of its four engines before crash landing here.

The 41 passengers and crew members had been warned to prepare for a possible landing in the Atlantic, but the plane reached Floyd Bennett Field and made a belly landing without injury to those aboard. They hurried from the plane while an alert Navy ground crew extinguished a small fire that broke out when the plane skidded to a stop.

George Gay, chief investigator for the C.A.B., said the preliminary check indicated the fire in the Nacelle burst a landing tire, but did not show whether the tire rupture in turn damaged other equipment.

TB Seals Sale Plans to Be Made

Meeting Will Be Held Tuesday, 8 P.M.

Plans for the annual Christmas seal sale wil be made during the regular quarterly meeting of the board of directors of the Ulster County Tuberculosis and Health Association Tuesday evening at the county tuberculosis hospital. The meeting will start at 8 o'clock. Committees for the annual sale also will be selected.

New members will have an opportunity to see the hospital and to hear of the work which is being carried on by Dr. George W. Weber, director, and his staff. The board also will have a chance to observe the rehabilitation program for the patients at the hospital. This project is financed by the association.

The meeting also will be devoted to a report of the committee on hospital admission and chest X-ray service. The 1947-48 program of X-rays for students and school personnel also will be discussed.

Ellenville Parade Attracts 11 Units, Bands, Veterans

Inspection Day Event Also Attracts Auxiliary Members; Michel Is Marshal

Ellenville, Sept. 22 — With 11 fire companies in line, including the three local companies, seven bands and drum corps, several auxiliary organizations and color guards from the Ellenville veterans organization—the American Legion and the Veterans of Foreign Wars — Ellenville firemen Saturday staged the largest inspection day parade seen here in a number of years.

The parade has been exceeded in recent years only by the parade of the Ulster County Volunteer Firemen's Association held here July 16, 1938.

The fire fighters had perfect weather for their demonstration and the fact that it was held on Saturday afternoon permitted many to take part who otherwise might not have been able to participate.

Bringing up the rear of the line of march were 11 pieces of modern fire-fighting equipment, including the Middletown company's new American-La France pumper, similar to the one which has been ordered by the Ellenville department to replace the old machine now in use by Pioneer Engine Company.

The parade formed on Maple avenue, under direction of Fire Chief Robert Michel, who served as marshal for the day. Here it was inspected by Mayor Gomer Rippert, members of the village board and Chief Michel and his assistants, William Krom and Benjamin Litchrod.

Chief of Police Richard Porter and Lieut. Frank Groppe headed the parade, followed by Chief Michel and his assistants.

Kimble Hose Co., with their guests, the Monticello and Walden companies, formed the first division this year. The second was composed of Pioneer Engine Co., and their guests, Phoenix Engine Co., of Middletown, the Walker Valley, Otisville and Kerhonkson companies. Scoresby Hose and Hook and Ladder Co., with the Napanoch and Wurtsboro companies as their guests, made up the third division.

The various companies were accompanied by bands or drum corps, including the Phe Bush Drum Corps, the Leon-Neon Drum Corps from Newburgh, the John T. Kenney Drum Corps, the Monticello Sons of the Legion Bugle and Drum Corps, the Liberty Band, the Otisville Fire Department Band, Clayton's Band of Ellenville.

Several of the companies also were accompanied by their auxiliaries. Ellenville was thronged with visitors for the occasion and streets throughout the main parts of the village were lined with cars.

Following the parade the local firemen and their guests enjoyed refreshments at the various fire houses.

In the evening there was a largely attended block party on Center street, in front of Norbury Hall, headquarters of Pioneer Engine Co., which sponsored the affair. Music was furnished by the Ellenville High School orchestra and was very highly commended by those who participated in the dancing.

Greeks Map Drive Against Those Who Will Not Surrender

Athens, Sept. 22 (AP)—Greece's army, navy and air force chiefs of staff were summoned to meet today with the ministers of war, air, marine and public order to map plans for a new drive against guerrillas who do not surrender under a 30-day amnesty offer recently extended by the government.

Preparations for a drive were keyed to a program to increase the 130,000-man Greek army by 70,000 regulars and 70,000 national guardsmen—a program which has been approved by the U. S. Aid Mission. Funds for the increase in the military establishment will come from the $30,000,000 in aid allotted to Greece by the U. S. Congress.

The speed with which new men will be called up apparently was dependent in part, at least, on the receipt of necessary military equipment from the United States.

Dispatches from northern Greece, meanwhile, indicated that the guerrillas for the most part were ignoring the amnesty offer. Week-end advices told of a series of engagements in which approximately 320 guerrillas were killed or captured.

Esopus Democrats Hold Their Clambake

Town of Esopus Democrats held a clambake Sunday at Garibaldi's Hotel, West Park. Earl Terwilliger, Democratic candidate for supervisor, today said the "bake" was a success. One hundred and seventy-five persons were present.

Among the guests were Mayor William F. Edelmuth, Thomas Plunkett, county Democratic chairman, William Kelly, county Democratic secretary, and Walter Koefe, Democratic candidate for sheriff. Esopus candidates also were present.

Rodney DuBois, Connelly, furnished music for dancing.
